

Myles Media Stand

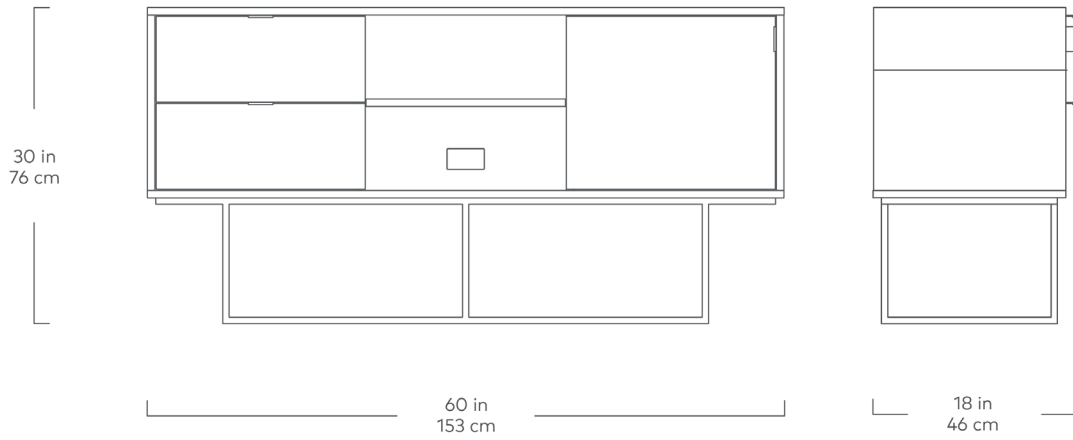

Black
Oak

The Myles Media Stand combines subtle details and craftsmanship to create a storage design that exudes simple sophistication. Drawers feature rose gold handles contrasting dark stained, chevron-patterned oak faces. A recessed, slender steel base with black, powder-coated finish creates an illusion of weightlessness. Designed for Hi-Fi and media components, a back panel opening in the cabinet allows for concealed cable management. Drawers provide storage to keep your living room uncluttered, while adjustable shelves and a sliding front panel let you reveal or conceal components. Part of the Myles Storage Series, this Media Stand matches perfectly with the Myles Credenza and End Table.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit guscontract.com for more information about our Trade & Contract programs.

Myles Media Stand

- Features 2 drawers and 1 sliding door (on a black aluminum track) with rose gold metal pulls.
- Compartments have adjustable shelf and back panel for cable management.
- For strength and stability, cabinet panels are constructed using an engineered wood core with real wood veneer.
- Black Satin finish.
- Slender steel base with a black powder-coated finish.
- Plastic bumpers on base to protect hardwood floors.
- CARB (California Air Resources Board) Phase II compliant.
- Wood is a natural material, with variations in grain pattern and colour that make each design unique.
