La Terra tables

Designed by Agnes Morguet

English text

The La Terra table is a harmonious and sophisticated addition to your home. Inspired by nature, the design beautifully embraces the organic shapes and muted colours of soft pebbles in the landscape. The infinite variants of the natural stones are reflected in the three smooth, floating shapes of the tabletop, which make a subtle contrast to the sleek crossing black metal frame.

Made from travertine, every surface is unique as the play of colours varies in the natural material. Selected to bring a touch of nature and calm into any space. With three different available sizes and heights, the table can be placed as a single piece or entire landscapes can be created.

Designed by Agnes Morguet

A flourishing German designer, interior architect and carpenter. In her work, she combines her passion for craftsmanship with art and design with an aim to touch people emotionally, inspire and delight them continuously. To Agnes Morguet, the strongest source of inspiration is nature, which is clearly represented in her design.

Danish text

La Terra bordet er en harmonisk og sofistikeret tilføjelse til hjemmet. Inspireret af naturen, omfavner designet smukt de organiske former og dæmpede farver fra de små bløde rullesten, som kan findes i landskabet. De uendelige varianter af natursten afspejles i bordets tre afrundede, dynamiske former, der udgør en elegant kontrast til den slanke sorte metalramme.

Bordpladen, som er fremstillet af travertin, gør hvert produkt unik, da farvespillet og teksturen varierer i det naturlige materiale. Et materiale som er særligt udvalgt for at bringe et strejf af natur og ro ind i ethvert rum. Med sine tre forskellige størrelser og højder kan bordet stilles alene, eller der kan skabes små, hele landskaber.
